Re: Recyclables Acceptance Agreement

www.greatersudbury.ca www.grandsudbury.ca Schedule 'C' has been revised as per Section 9 (2), Fees and Payment. The increase is based on our current processing fees plus the \$10 per tonne contribution to overhead multiplied by the cost index (April) in accordance with the year to year CanaData Composite Construction Cost Index for Ontario). A copy of the index is enclosed for your reference.

If you have any questions, please feel free to contact me, at 705-674-4455, extension 4406.

Best Regards,

Lisa Finnamore

Coordinator of Solid Waste

Subject: Connecting Link - Request for Support

Good morning.

The Town of Espanola has requested a delegation with the Minister of Transportation as well as the Minister of Infrastructure regarding the Connecting Link highway.

Council has requested that we seek letters of support from the communities to the south that would be most affected.

Please see the attached letter and consider submitting a letter of support, not just for our highway but for the overall importance of the connecting link program.

Thank you, Cynthia Townsend

Honourable Steven Del Duca Minister of Transportation 3<sup>rd</sup> Floor, Ferguson Block 77 Wellesley Street West Toronto, ON M7A 1Z8

Dear Minster Del Duca,

### Re: Highway 6 - Espanola to Manitoulin Island

The township/community of which lies south of the Town of Espanola is one of many communities that is wholly dependent on Hwy 6 for accessing essential services. We rely on this connecting link for emergency safety, access to emergency care, and the delivery of food and medical supplies. In addition, our prospects for economic development and diversification are dependent on this link. Our Island economies are, in fact, dependent on the link for tourism, as are our neighbours on the Bruce Peninsula.

The poor condition of this connecting link that runs through Espanola raises a concern not only to the safety of vehicular traffic, but to those depending on this roadway to provide a route for essential amenities and services.

As this is the connecting link to the Manitoulin Island and those communities which lie between, it is unreasonable to expect the taxpayers of the Town of Espanola to carry the full burden of replacing this portion of Hwy 6 which has surpassed its useful life.

We question why such a vital project would be repetitively denied funding. We urge your Ministry to work with the Town of Espanola to explain the reasoning behind the denied funding of what we consider to be an essential project. In addition, we urge you to provide suggestions on how to ensure future funding opportunities, for this now shovel ready project, are awarded for the mutual benefit of the communities on the Manitoulin Island.

Sincerely,

Innovation, Sciences et Développement économique Canada

Island during the winter and shoulder seasons to enjoy hunting, ice fishing, fishing and snowmobiling. It will create a space for increased art activities and musical performances.

The short-term goal is to renovate and be back in the theatre offering theatre and musical performances; art and theatre workshops; summer programming; craft and arts retail space; and artist in residence program.

In five years the goal is to develop Burns Wharf Theatre into a year round vacation destination that benefits Manitowaning and surrounding communities through partnerships. Manitowaning needs an anchor business/attraction that encourages tourists to spend some time in the community. The goal of Burns Wharf Theatre is to offer programming and a variety of activities that appeal to visitors and local people.

These goals can be accomplished with effective partnerships with local businesses, First hotels, restaurants and other tourist operators working together to build a world class tourist destination.

### Resolution: Bill 7, amendments to Residential Tenancies Act. 2006

Please be advised that the Council of the Corporation of the Municipality of Bluewater at its regular meeting on December 19<sup>th</sup>, 2016 carried the following resolution:

Whereas the Government of Ontario has introduced Bill 7, the Promoting Affordable Housing Act, 2016, an omnibus Bill that includes amendments to the Residential Tenancies Act, 2006 (RTA); and

Whereas Schedule 5 of the Bill prescribes that local municipalities shall assume enforcement responsibility for residential rental maintenance standards (O. Reg. 517/06) under the RTA on July 1, 2018; and

Whereas the Ministry of Housing currently enforces residential rental maintenance standards in municipalities that do not have a property standards by-law, or have a "partial" by-law that does not address the interior of rental buildings; and

Whereas the Ministry currently receives complaints from tenants respecting residential rental maintenance standards and appoints inspectors to provide this service to municipalities on an as needed basis, for a cost-effective set fee of \$265 for each inspection or re-inspection; and

Whereas the download of enforcement responsibility will require each municipality to receive written complaints from tenants, cause an inspector to make an inspection to determine whether the provincial standards have been complied with, issue work orders to landlords who have not complied with a prescribed maintenance standard, monitor compliance, investigate allegations of failure to comply, and where circumstances warrant, to prosecute landlords for non-compliance; and

Whereas the Government of Ontario intends to download these responsibilities with no compensatory funding, leaving municipalities that do not currently enforce residential rental maintenance standards with the significant fiscal challenge of providing this service cost-effectively;

Resolved, That the Council of the Municipality of Bluewater calls on the Government of Ontario and the Ministry of Housing to halt the download of enforcement responsibility for residential rental maintenance standards proposed in Schedule 5 of Bill 7, in light of the significant fiscal challenge each municipality will face to provide this service to the public in a cost-effective manner; and

That a copy of this resolution be sent to the Honourable Kathleen Wynne, Premier of Ontario, the Honourable Chris Ballard, Minister of Housing, Mr. Patrick Brown, Leader of the Progressive Conservative Party, Ms. Andrea Horwath, Leader of the New Democratic Party and all Member of Provincial Parliament in the Province of Ontario; and

That a copy of this resolution be send to the Association of Municipalities of Ontario (AMO), the Rural Ontario Municipal Association (ROMA) and to all Ontario municipalities for consideration.

As per the above resolution, please accept this correspondence for your information and consideration.

Alton Hobbs CAO/Clerk/Treasurer Township of Assiginack

RE: Municipal Infrastructure Project Bundling Initiative

In 2013, OGRA along with the Residential and Civil Construction Alliance of Ontario (RCCAO) and the Ministry of Transportation (MTO) conducted a study to determine the feasibility of an alternative financing and procurement (AFP) delivery method for bundling the design, construction, maintenance and rehabilitation of bridges and culverts into a single contract.

The study, which was predicated on available bridge and culvert inventory data at the time, concluded that bundling bridges and culverts into one tender would allow municipalities to address their rehabilitation and maintenance backlog in an expedited way while also reducing project costs in a range of 13% - 20%. The experiences that Pennsylvania and Missouri had when they used the approach confirmed these findings.

AFPs offer two distinct advantages: multiple aspects of project delivery are contained in a single contract; and performance objectives are met by the private sector, otherwise payments are not made.

At the time the study was published, there were a number of impediments that stood in the way of moving forward with this approach. The expansion and maturing of municipal asset management planning in Ontario, however, has removed most of those impediments. In particular, the quality of

the data held at the local level - a fundamental requirement for the consideration of an AFP approach - has improved considerably.

The Government of Ontario, OGRA and RCCAO want to identify municipalities that are interested in learning more about what would be involved with applying a bridge bundling approach in their jurisdiction. Working in partnership with the study partners, willing municipalities would work with representatives from the Government of Ontario to determine what would be required to create a tender that would bundle bridge and culvert work into one large project.

If your municipality would be interested in pursuing this, a Council resolution similar to the example below should be adopted and sent to the Minister of Infrastructure and the Minister of Transportation.

A Resolution of Township of Assiginack Requesting to Participate in a Bridge Bundling Feasibility Initiative

WHEREAS, the Township of Assiginack has an inventory of bridges and culverts that require and will require significant capital investments; and

WHEREAS, an Alternative Financing and Procurement approach may afford significant savings on the stewardship of municipal bridges and culverts; and

WHEREAS, the Alternative Financing and Procurement approach has been successfully employed in bridge bundling projects in other jurisdictions

NOW, THEREFORE, BE IT RESOLVED that the Township of Assiginack approves in principle its willingness to participate in an exercise with representatives from the Ministry of Infrastructure, the Ministry of Transportation, the Residential and Civil Construction Alliance of Ontario and the Ontario Good Roads Association to determine the feasibility of Alternative Financing and Procurement with regards to the bundling of bridges and culverts into one contract.

We want to be clear that should your council pass the above resolution, you are only committing to investigating the feasibility of this approach and may withdraw from the process at any time.

If you have any questions regarding this initiative please contact Scott Butler, OGRA's Manager of Policy and Research by email at <a href="mailto:scott@ogra.org">scott@ogra.org</a> or by phone at 289-291-6472 ext. 24 at your convenience.

Dear Minister Mauro, Minister Zimmer, and members of the Manitoulin Planning Board

Re: July 10, 2017 Additional comments

### on draft Official Plan for Manitoulin Planning Arca

This letter is in follow-up to our June 2, 2017 comments on the draft OP for the Manitoulin Planning Area, and the meeting held on July 6, 2017 with Ministry of Municipal Affairs and Ministry of Housing (MMAH) and UCCMM representatives where we discussed further proposed changes that MMAH ("July 2017 Draft Decision") was proposing based on our June 2, 2017 comments ("July 2017 Draft Decision").

We appreciate that MMAH has been somewhat responsive to our June 2, 2017 comments and have provided our oral comments to the MMAH representatives on July 6 about the July 2017 Draft Decision, but we still believe further revisions should be made to the July 2017 Draft Decision, which we discussed on July 6. We are writing this letter because we truly believe that there are still valuable and necessary further revisions that should be made to the draft OP, in view of your

P.O. Box 275, M'Chigeeng First Nation, Ontario POP 160 • Telephone: (705) 377-5307 • Fax: (705) 377-5309

sovernment's support of the need for reconciliation, and so we wanted to address this letter directly to the Ministers. An Official Plan provides land use planning requirements that will be in place for decades, and it is not easy to amend Official Plans in a broad sense. Thus, we believe it is necessary that this OP be reflective, explicitly, of important relationships and documents that underlie the very existence of the municipalities within the Manitoulin Planning Area, and be clear about legal duties that the Planning Board and municipalities need to comply with. We say the same regarding the Northeastern Manitoulin and the Islands OP which was recently approved without our having had the chance to participate in any way in commenting on it - as we said in the meeting, our First Nations were essentially unaware of this important development in the land use planning framework in our territory, as it slipped under our radar, and we will be pursuing this issue further in the near future.

Also, being explicit about the duty to consult and accommodate, which is a legal requirement, is in our view fundamentally helpful to the Planning Board in knowing the obligations it must meet, and avoiding the need for expensive and unnecessary litigation in future if the Planning Board fails to meet that duty. We expressed these comments to MMAH representatives in the meeting, several times, in several ways. To that end, in addition to the smaller technical comments that we made on the July 2017 Draft Decision in the course of our July 6 meeting with them, which were duly noted by the MMAH representatives, we would ask that MMAH make the following further modifications:

- 1. In A.1.1, in the new paragraph that MMAH has noted in the July 2017 Draft Decision will be added regarding s. 35 of the Constitution Act, 1982, add language that specifically and explicitly notes the need to comply with the duty to consult and accommodate when making decisions that affect our claimed and proven aboriginal and treaty rights.
- 2. We appreciated the discussion on July 6 about our June 2 comments on "Issues, Policies and Objectives" being addressed during the development of the Indigenous Engagement Protocol referred to in Part F.5, and understand that MMAH is in agreement with adding reference in Part F.5 to opening up discussion and the potential revision to the issues, policies and objectives during the development of the Indigenous Engagement Protocol. Issues, policies and objectives in this Official Plan need to consider the rights, needs and interests of our First Nations, as well as the needs and interests of the Province and the municipalities. Reconciliation demands it.
- 3. In Section B, General Policies, we want to reiterate the importance of adding language referring to the specific treaties and historic documents (1836, 1862 and the 1990 Agreement and the Maamwi Naadmaning Accord, as referred to in our proposed draft text for the OP set out in our June 2 comments), all of which are key points in the history affecting the use of the land and waters in the Manitoulin Planning Area. Our history, our shared history, is key to the understanding of how the land and waters in the Manitoulin Planning Area, are to be shared and used and protected. We see tremendous value in being explicit about this history and these treaties and key agreements in the OP. Reconciliation does not happen overnight as we all well know, and being reminded of our shared history really does matter. A crisp dry reference at the beginning of the OP to s. 35 treaty and aboriginal rights, in a document such as the OP, which has now been added to the Draft Decision in part A.1.1, is not enough.

4. In Section D.4, Natural Heritage Features and Areas, we requested language be inserted in 3 places in that section, to requiring that traditional knowledge must be sought from the Indigenous communities, which requires an active step of the Planning Board asking for this knowledge. The funding to be able to gather this knowledge was also discussed in our meeting, and we believe MMAH as a ministry needs to work much harder at facilitating access to funding for First Nations for the gathering of traditional knowledge when developing natural heritage systems under Official Plans. We were told was that MMAH has money to facilitate meetings, but no specific funding for traditional knowledge studies is available.

Minister Zimmer, we direct this comment explicitly to you. We request that the Ministry of Indigenous Relations and Reconciliation look into and report back onto UCCMM in the near future (since the Area-Wide Natural Heritage System Strategy has to be prepared within 3 years of the approval of the OP, and so the work will need to begin soon after the OP is approved, and gathering traditional knowledge takes time) on funding options for the gathering of traditional knowledge from First Nations for this purpose. This Official Plan is of course not the only one that requires the development of natural heritage systems, and First Nations everywhere in Ontario where such strategies are now required or will be required, need to be part of the development of these Strategies. The province is of course aware (through the work of the Ministry of Environment and Climate Change and Ministry of Northern Development and Mines) of how traditional knowledge is required to be gathered in the course of environmental assessments for specific developments, which is done at the proponent's cost. In the context of land use planning for natural heritage systems, we believe it is the Province's obligation to step up to the plate to provide funding for this work.

- 5. In Section B.2.3, our June 2, 2017 comment was that a new (8) should be added to the policy, namely that "Any development in Storeline Areas shall respect the requirement that public and indigenous communities' access to the shoreline be maintained." Continued public access to the shoreline was a significant and key commitment that the Province made in 1990 to the First Nations who signed the 1990 Agreement (correspondence from then Minister Bud Wildman set out that commitment, and numerous subsequent governments have continued that commitment). Now is the right time for the Province to formalize that commitment. We encouraged MMAH representatives to review the details of that commitment through discussion with MIRR. The Province has honoured its political commitment in the past when NEMI, under the mayoralty of Mr. Joe Chapman, was at the time seeking to sell off shoreline. This is the time, Minister Maure, for the Province to formalize its commitment to continued shoreline access in the Manitonlin Planning Area, by officially making it a requirement in this OP.
- 6. In B.5.2.1(4), we believe that it is critical that part of the modification we requested in our June 2, 2017 comments be made, namely that the following be added: "no demolition, destruction or alteration of cultural heritage resources of value to the Indigenous communities shall take place without the consent of the Indigenous communities who have a connection with these resources." Though there are provisions dealing with cemeteries in provincial legislation which go some way towards addressing our concerns, the importance of our cultural heritage resources, beyond burial grounds, within the Manitoulin Planning Area being protected cannot be overstated. The fact that the entirety of Manitoulin, Barry and Cockburn Islands (and other islands which of course are not in the Planning Area) were established as an Indian reserve in 1836, and have been occupied by communities of our people not just in our current community locations but in

numerous other locations on these three islands, means that the potential for cultural heritage resources in the Manitoulin Planning Area is very high. We submit your government must use its powers through the land use planning procedure of an Official Plan to protect those cultural beritage resources, in the interest of giving concrete meaning to the commitment to reconciliation.

- 7. We discussed the need for wayside pits and quarries to be added to the list in F.5 (b) (1)(b), and understood from our meeting that MMAH would agree to add this into the modifications to the OP.
- 8. We understood, as a result of the discussions on July 6, that the Natural Heritage and Open Space System Strategy does not include Indian reserve lands, and thus that our comment about adding First Nations into D.6.5(g) is not necessary. As a matter of policy, we would suggest to the province that the reality on our islands is fundamentally one in which developing a NHOSSS without coordinating this strategy with our First Nations, whose current reserve communities are of course found throughout the entirety of the island, is not ecologically sensible, and that other options should be considered for developing a coordinated strategy.
- 9. Many of our comments of June 2 were addressed, partially, through the addition, in the July 2017 Draft Decision, of several new paragraphs in F.5 regarding Indigenous Engagement in the Planning Process, namely new paragraphs 3), 5) and 6). However, we noted on July 6 that there are some gaps in MMAH's proposed language. First, the language needs to deal with the period of time before the indigenous engagement protocol is in place since that will be a period of 2 years. Secondly, we need to have more clear tracking of how our comments provided during the indigenous engagement have actually been considered by the approval authority, so it is essential that that language be strengthened in paragraph 3). We also noted that paragraph 5) needs to be tighter so that the monitoring process to monitor the effectiveness of the policies regarding indigenous engagement is clearly defined. Finally, the underpinning for the indigenous engagement protocol is the duty to consult and accommodate in respect of our claimed and proven Aboriginal and treaty rights, so that needs to be made explicit. We also have included a modification to address funding for our participation in the Indigenous engagement protocol, and though it may not be appropriate to include this in the Official Plan, it certainly is a matter that the Province needs to opntinue to discuss and resolve with our First Nations.

We provided MMAH representatives with a copy of our proposed refinements to the language of paragraphs 3), 5) and 6) of F.5 that reflect the comments above. Our comments appear in underlined text. We also include them here in this letter.

3) Where an Indigenous community becomes engaged in a planning process as a result of either subsection (Ia), (Ib) or (Ic) above, the approval authority will implement the Indigenous engagement protocol described in subsection (6) below, and prior to the development of the Indigenous engagement protocol, will engage with the Indigenous community in accordance with a process that compiles with the duty to consult and accommodate regarding claimed and proven Aboriginal and treaty rights, including those rights claimed in the claim referred to in Part A.1.1, Page A-X. The approval authority will, in making a decision regarding the relevant application or matter,—consider comments and implications, if any, on claimed and proven Aboriginal or Treaty rights,

and provide a-written reasons sponse to the Indigenous community explaining how the approval authority addressed these comments and implications.

5) The Planning Board and/or its member municipalities will work collaboratively with the Indigenous communities to monitor the effectiveness of the engagement processes referred to in this Part F.5. and the Planning Board and the Indigenous communities shall prepare a report, or reports if consensus is not reached, no later than five (5) years after the Official Plan comes into effect, to be provided to the Ministries of Municipal Affairs and Indigenous Relations and Reconciliation setting out the results of this monitoring. Amendments to refine this Plan shall be considered after delivery of the report or reports se policies and refine if necessary by amendment to this Plan.

6) Within two years of the Oefficial Pplan coming into effect, the Planning Board, member municipalities and the Indigenous communities, with assistance from the Ministry of Municipal Affairs and other ministries, as needed, will establish an Indigenous engagement protocol to support the land use planning engagement process set out in this Part, which protocol shall comply with the Crown's duty to consult and accommodate reparding claimed and proven Aboriginal and treaty rights, including those rights claimed in the claim referred to in Part A.1.1. Page A.4. The protocol shall include provisions for adequate funding support for Indigenous communities who engage in a planning process as a result of either subsection (1a), (1b) or (1c) above.

We trust that the Crown will give careful consideration to and incorporate these final comments from our First Nations before finalizing its decision on the draft Official Plan for the Manitoulin Planning Area.

Respectfully.

Greetings, Patrons!

It is once again my pleasure to touch base with you on behalf of Manitoulin Health Centre (MHC) and share an exclusive, personal copy of our *Annual Report to our Community* for the fiscal year of 2016-17.

In this document, you will find a summary of key activities, services, and achievements that have been realized over the past year at MHC; I hope that you will agree with me when I say that I believe it's been a very successful year! I'm extremely proud of the efforts shown at all levels of our organization. Indeed, our people are our greatest resource, and our success as a hospital is founded upon them.

In addition, I would like to take a moment to recognize and thank everyone who helped make this year's fundraising efforts such an outstanding success. As a result of the continuing generosity and support we enjoy, such as that which you have rendered over the years, important goals continue to be within reach.

Enjoy our Annual Report and thanks for being part of MHC's Extended Family. Also, enjoy the remainder of our Manitoulin Summer, as we continue to celebrate our Nation's 150th Birthday!

Sincerely,

Derek Graham

President and Chief Executive Officer

### MANITOULIN HEALTH CENTRE (MHC)

2016-17 Annual Report to Our Community

Here for you – fulfilling our Mission: "To contribute to the health and well-being of all who come to us in need."

We are proud to be your local two-site hospital (in Little Current & Mindemoya), serving the residents and visitors of the Manitoulin Island Region. Our organization experienced a very successful year of activities and achievements. There were many challenges met and the success we have enjoyed as a hospital is a direct result of the combined efforts of everyone associated with MHC - our board, physicians, staff, volunteers, and all of you - the continuing support we receive from our Island community is second to none; we are thankful!

THANK YOU for your interest in Manitoulin Health Centre!

### MHC's Activities & Services for 2016/17:

- over 225 staff and affiliated clinicians working for you
- chemotherapy, cardiac rehab, diabetic case management and community withdrawal services
- in-patient dietitian services
- about 15% of our patients reside off-Island
- 8,000 active in-patient days and 20 newborns
- 20,000 emergency department visits
- 410 colonoscopies & other minor surgical procedures
- 645,000 laboratory tests completed
- 19,000 X-ray and Ultrasound procedures performed
- 3,400 physiotherapy treatments
- 2,000 other care visits (chemo, wound care, transfusions, etc.)
- a major employer and economic driver for the Island

Did you know that MHC's arrangements with other organizations allow for a broader range of programs to be available locally and many are located right at our two sites? Some of these include:

- modern space for physician clinics and family health teams
- dialysis
- community mental health
- telehealth (video-patient visits)
- community physiotherapy
- wound care for patients no longer in the hospital
- diabetic retinal screening (tele-opthamology)
- · optometry
- visiting specialist physicians and surgeons
- access to care at other hospitals, including those in Southern Ontario (by Air Ambulance)

### Here are some of the specific goals achieved over the past year:

- Ninth year in a row for balanced budget operations
- Completing the renovations and expansion to the Little Current Site ER
- Beginning renovations to a hospital room at each site, to enable enhanced hospice palliative care
- Leading the Manitoulin Health Collaborative, focusing on improvements across the health care system
- Agreement signed with Noojmowin Teg Health Centre to help bring enhanced First Nations cultural support to MHC
- New locum physicians recruited across the Island, as a result of our shared effort with the North Shore Health Network
- Incorporating patient advocates within selected committees at MHC
- > Local physio assessments for patients who may require joint replacement surgery (in partnership with Health Sciences North)
- Partnering to offer a program within selected communities for prevention and management of osteoarthritis (GLAD)
- Partnering with other local agencies to offer additional medical student training opportunities across the Island
- Leading a contract across the North East for all hospitals to have access to quality care software tools (partnering with NE-LHIN)
- Implementing the shared purchasing contract for North Eastern hospitals (in partnership with Thunder Bay HSC)
- Providing leadership within the evolution of the region's electronic health information system
- Advocacy leading to funding for all Ontario hospitals (2% global base increase, as well as \$20 million for innovation funding)
- Advocacy to help sustain local access to lab services across rural NE Ontario
- High Patient and Staff Satisfaction Survey rates (patients who reply they are Satisfied, or Very Satisfied with services at MHC)
- Continuing to support the partnership for the Non-Urgent Patient Transportation Service
- Launching a Health Link (partnership with local health care agencies for better coordinated care for selected complex patients)
- Creating sensitive protocols towards Medical Assistance in Dying
- Utilizing telemedicine with Health Sciences North for patients with serious injuries
- Building upon the successful expansion of physic services through a local partnerships

Mayor Paul Moffat Assiginack Box 238, 156 Arthur St. Manitowing, ON P0P 1N0

Dear Mayor Moffat,

The recent closure of the parking lot at the Cup and Saucer was an unhappy surprise after years of public enjoyment. The Nobles, Eadies and EBC have allowed over 200,000 to climb the Escarpment and enjoy the view.

Almost twenty years ago, Escarpment Conservancy, along with the Manitoulin Tourism Association fixed up the trails and created signage. Fortunately, at that time, EBC also bought land fronting on Highway 540. Given the present emergency, we have offered to locate a parking lot on our land and road allowance between Billings and NEMI to create a safe place for visitors to leave their cars.

I write today to ask for your assistance with the cost of building that parking lot. We have arranged for tree clearing and the gravel but need funds to pay for the work. The cost will likely exceed \$30,000 before we are through. I ask that you consider a contribution to this cost since the benefits extend island-wide. We appreciate the help NEMI has already provided by getting MTO highway access approved, a culvert installed and financial assistance with gravel for the parking. I ask that you consider a grant of \$5,000, but every dollar of assistance will go a long way as we try to keep tourists staying on the Island, not driving straight to Espanola or Tobermory. Fifteen years ago we found that more than 10,000 people climb the Cup every year. One survey over a weekend logged 874 visitors with more than half coming more than a four- hour drive and 20% from outside North America. This undoubtedly adds to the economic health of the Island.

We had ten volunteers with three chain saws out building the new trail from the proposed parking lot on May 30<sup>th</sup>. I hope we can continue to work together successfully to provide a place for Manitouliners and visitors to slow down and enjoy this beautiful Island. Your contribution to this mutual cause will be greatly appreciated.

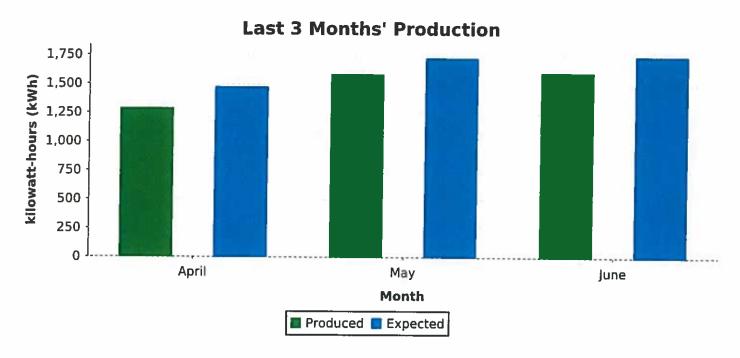

Yours sincerely,

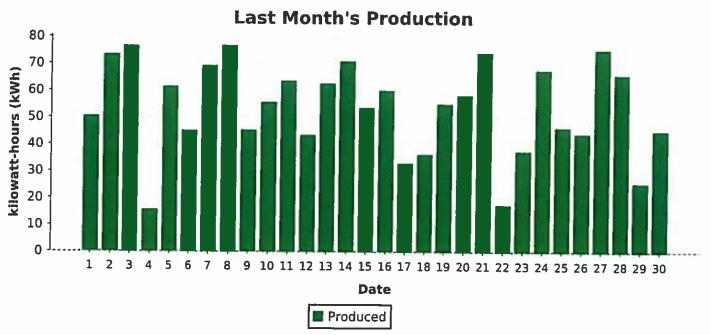

Roy Jeffery Director, EBC

### CLEAN WATER AND WASTEWATER FUND (ONTARIO) TRANSFER PAYMENT AGREEMENT

THIS TRANSFER PAYMENT AGREEMENT for the Clean Water and Wastewater Fund (CWWF) (Ontario) (the "Agreement"), made in duplicate, is effective as of the Effective Date (both "Agreement" and "Effective Date as defined in section A.1.2 (Definitions)).

### **BETWEEN:**

Her Majesty the Queen in right of Ontario as represented by the Minister of Infrastructure

(the "Province")

- and -

The Corporation of the Township of Assiginack

(the "Recipient" or "Ultimate Recipient")

### **BACKGROUND**

The Government of Canada established the Clean Water and Wastewater Fund (the "CWWF") in its 2016 Budget.

The Government of Canada has committed two billion dollars (\$2,000,000,000) towards the CWWF for projects to improve water, wastewater, and storm water systems across Canada.

Under the Bilateral Agreement, the Province has agreed to identify projects, and be responsible for the transfer of CWWF funds to eligible Recipients pursuant to transfer payment agreements.

The Recipient has been allocated Maximum Funds (as defined in section A.1.2 (Definitions)).

The Recipient has applied to the Province for CWWF funds to assist the Recipient in carrying out the Project (as defined in section A.1.2 (Definitions)) and further described in Schedule "C" (Program Funding Request), a clean water and wastewater infrastructure project.

Canada has approved the Project and Canada and the Province have agreed to provide CWWF funds for the Project.

The Agreement sets out the terms and conditions upon which CWWF funds, up to the Maximum Funds, will be provided to the Recipient for the purpose of carrying out the Project and the

Recipient has agreed to carry out the Project.

Ontario Infrastructure and Lands Corporation, an agent of Her Majesty the Queen in right of Ontario, will be administering the Program on behalf of the Province.

### CONSIDERATION

In consideration of the mutual covenants and agreements contained in the Agreement and for other good and valuable consideration, the receipt and sufficiency of which is expressly acknowledged, the Parties (as defined in section A.1.2 (Definitions)) agree as follows:

### 1.0 ENTIRE AGREEMENT

1.1 The Agreement, comprising of:

Schedule "A" - General Terms and Conditions

Schedule "B" - Project Specific Information

Schedule "C" - Program Funding Request

Sub-schedule "C.1" - Project Description, Budget and Timelines

Sub-schedule "C.2" - Sub-project Cost Breakdown

Schedule "D" - Reporting

Schedule "E" - Eligible Expenditures and Ineligible Expenditures

Schedule "F" - Evaluation

Schedule "G" - Communications Protocol

Schedule "H" - Disposal of and Revenues from Assets

Schedule "I" - Aboriginal Consultation Protocol

Schedule "J" - Requests for Payment and Payment Procedures

Sub-schedule "J.1" - Form of Request for Payment Form

Sub-schedule "J.2" - Form of Certificate from Recipient

Sub-schedule "J.3" - Form of Declaration of Sub-project Completion

Sub-schedule "J.4" - Form of Certificate from Professional Engineer

Schedule "K" - Form of Clean Water and Wastewater Fund (CWWF) Attestation Form, and any amending agreement entered into in Article 3.0 (Amending the Agreement),

constitutes the entire agreement between the Parties with respect to the subject matter contained in the Agreement and supersedes all prior oral or written representations and agreements.

### 2.0 COUNTERPARTS

2.1 The Agreement may be executed in any number of counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument.

### 3.0 AMENDING THE AGREEMENT
