#308-22-17 H. Moggy – L. Fields

THAT the Regular Meeting of the Council of the Corporation of the Township of Assiginack be opened for business with a quorum of members present at 5:00 p.m., with Mayor Moffatt presiding in the Chair.

CARRIED

AGENDA:

#309-22-17 L. Fields – H. Moggy

THAT the agenda for this meeting be amended by removing item 4-B) Phil Blake Delegation;

AND THAT the agenda be accepted as amended.

CARRIED

DISCLOSURE OF PECUNIARY INTEREST:

Councillor Reid disclosed a direct pecuniary interest in Agenda Item 6A Payroll as her husband is an employee of the Township and an indirect pecuniary interest with Item 6B Tax Appeal Application as the applicant is her sister. She did not take part in any discussion, attempt to influence the vote or vote on the matters.

ANNOUNCEMENTS:

Councillor Moggy commented that the Christmas decorations that have started to go up around Town and in Queen's Park are very nice. Councillor Fields reminded everyone that pictures with Santa would take place later this month at the Library.

ADOPTION OF MINUTES:

#310-22-17 H. Moggy – L. Fields

THAT the minutes of the Regular Council meeting of November 7, 2017, be accepted.

CARRIED

#314-22-17 H. Moggy – L. Fields

THAT the minutes of the Manitoulin Centennial Manor Board meeting of October 27, 2017, be received.

CARRIED

DELEGATIONS:

#315-22-17 L. Fields – H. Moggy

THAT we thank the Burns Wharf Theatre Players for their presentation to Council.

CARRIED

Note: Peter Baumgarten spoke on behalf of the Burns Wharf Theatre Players (BWTP). He started with a historical summary of the relationship between Council and the BWTP. Their organization feels that they are being asked by Council to become an incorporated not-for-profit organization based on an unfair comparison to the Friends of the Norisle Steamship Society. Council stated that the municipal solicitor has suggested incorporation for the following reasons:

- (1) the BWTP could submit their own funding applications thereby not putting other municipal priorities that require grant applications at risk; and,
- (2) as an incorporated entity the Township could lease the care and control of the Burns Wharf building to the BWTP.

The BWTP stated that they fail to see the necessity for these requirements and feel that Council is trying to download the cost of the building to the Players, who are more interested in focusing on their productions rather than managing the building's operations. Peter mentioned that the group has looked into the incorporation process and feel that it is not a simple process and that the group is not set up to fulfill the requirements of being incorporated. He also mentioned that the Debajemujig Theatre is a temporary solution and will not be viable for much longer. The BWTP stated they would not consider incorporation until they have seen a draft lease of the building, Council agreed that this was logical. The Clerk will organize a meeting of some Councillors and BWTP executive members to work on a lease agreement. This meeting is tentatively scheduled for the third week of December.

REPORTS:

There were none.

ACTION REQUIRED ITEMS:

#316-22-17 H. Moggy – L. Fields

THAT Council authorizes the following Accounts for Payment:

Mayor/Reeve and Clerk/CAO,

As a follow-up to the letter from April 27, 2017, I am pleased to share with you some updates from the Municipal Policing Bureau of the OPP.

In October 2017, our Bureau organized a webinar on the 2018 Annual Billing Statements, issued to municipalities in September. The Financial Services Unit Manager explained in detail the 2018 Annual Billing Statements and answered questions. The webinar presentation with the speaking notes was sent to all webinar participants; however, if you or your municipal representatives are interested in receiving it, please let our Bureau know at opp.municipalpolicing@opp.ca. The presentation will be also uploaded in both official languages on www.opp.ca/billingmodel page. Please check our www.opp.ca/municipalpolicing page for other municipal policing information and documents. Should you have any questions specific to your municipality, please email our Financial Services Unit members at opp.mpb.financial.services.unit@opp.ca

On November 2, 2017, Marie-France Lalonde, Minister of Community Safety and Correctional Services, and Attorney General Yasir Naqvi announced that the first Reading for Bill 175, Safer Ontario Act, 2017 was carried. The bill is a comprehensive community safety legislative package that, if passed, would represent the largest policing and public safety transformation in a generation. A bill is considered to be "passed" by the Legislative Assembly once it has received three readings; upon receiving Royal Assent, the "passed" bill becomes an Act. Accordingly, the Police Services Act, 1990 will be in force until the new Act will receive Royal Assent.

As usual, our Bureau will have a booth at the upcoming Rural Ontario Municipal Association (ROMA) Conference, which will be held January 21-23 in Toronto. Drop in at our booth and speak to our analysts directly or should you like to have a more formal discussion during the conference, please contact us directly at opp.municipalpolicing@opp.ca and we will set up a time to meet you the day following the Minister's delegation meetings.

Further, we will maintain the tradition we initiated last year, and will share with you the 2018 Municipal Policing Bureau Calendar. Same as last year, the Calendar will be sent to your Detachment Commanders and he/she or a detachment designate will further distribute it to your municipality.

We look forward to hearing from your municipality on these initiatives and our fruitful collaboration in the future.

The OPP is committed to work diligently with municipal stakeholders to ensure effective, efficient and sustainable police service delivery in Ontario.

Thank you again.

Sincerely,

M.M.(Marc) Bedard

Dear Head of Council:

We are writing to announce the release of the Ontario Municipal Partnership Fund (OMPF) municipal allocations for 2018. In 2018, the province will provide a total of \$510 million in unconditional funding through the OMPF to 389 municipalities across the province. As announced in the *2017 Ontario Economic Outlook and Fiscal Review*, the province is increasing the total OMPF envelope by \$5 million beginning in 2018 to further support northern municipalities.

The OMPF, combined with the municipal benefit resulting from the provincial uploads, will total more than \$2.6 billion in 2018, which is equivalent to 14 per cent of municipal property tax revenue in the province.

As you know, the OMPF was redesigned in 2014 following discussions with municipalities from across the province. Consultations with municipalities and the Association of Municipalities of Ontario (AMO) have continued over the past year and have focused on refining the program to ensure it meets the long-term priorities of municipalities. The 2018 OMPF balances the range of views expressed by municipalities through our consultations, while reflecting the core objectives of the redesigned program.

The 2018 program will further target support to municipalities with more challenging fiscal circumstances by increasing the Northern and Rural Fiscal Circumstances Grant to \$89 million from \$82 million in 2017. Additionally, the Northern Communities Grant component of the OMPF program will be enhanced to \$89 million in 2018, an increase of \$5 million over 2017, to further recognize the challenges of northern municipalities. This builds on the enhancement provided to northern municipalities in 2016. Lastly, the Rural Communities Grant, which continues to support rural communities across the province, will total \$150 million in 2018. The farm enhancement of the Rural Communities Grant will grow from \$10 million in 2017 to \$15 million in 2018 to further support municipalities with the highest levels of farm land.

As in prior years, the 2018 funding guarantee for municipalities in southern Ontario will be at least 85 per cent of their 2017 OMPF allocation and for municipalities in northern Ontario will be at least 90 per cent of their 2017 OMPF allocation. Municipalities in all regions of the province with the most challenging fiscal circumstances will continue to have their funding enhanced up to 100 per cent of the prior year's allocation.

.../cont'd

The Ministry of Finance's (MOF) Provincial-Local Finance Division will be providing your municipal Treasurers and Clerk-Treasurers with further details on the 2018 OMPF. This information and other supporting materials will be posted in both English and French on the MOF website: <http://www.fin.gov.on.ca/en/budget/ompf/2018>.

Our government has a very strong record of supporting and working in partnership with municipalities. As confirmed in the 2017 Ontario Budget, we are pleased to fulfil our commitment to the upload of social assistance benefit costs, as well as court security and prisoner transportation costs, off the local property tax base. These uploads will be fully implemented by 2018. As a result of the provincial uploads, Ontario municipalities will benefit from approximately \$2 billion in reduced costs in 2018 alone, for a total benefit of over \$13.5 billion since the uploads began in 2008.

Going forward, the province will focus on investing in infrastructure, which will benefit communities across Ontario. The government is making one of the largest infrastructure investments in Ontario's history, more than \$190 billion over 13 years, beginning in 2014–15. This includes increasing provincial investments in municipal infrastructure through the Ontario Community Infrastructure Fund (OCIF), Connecting Links and the Provincial Gas Tax Program. These investments will strengthen Ontario's road, bridge, transit, water and wastewater infrastructure.

The province is also working with the federal government to invest in infrastructure programs such as the Clean Water and Wastewater Fund (CWWF), and is investing up to \$100 million of proceeds from the provincial carbon market in a new Municipal Greenhouse Gas (GHG) Challenge Fund in 2017–18. This investment will support projects that reduce GHG emissions, such as renewable energy and energy efficiency retrofits to municipal facilities like arenas, and energy-efficiency upgrades to drinking water or wastewater treatment plants.

In closing, we would like to thank our municipal partners for their feedback and input into the design of the 2018 OMPF program. We look forward to continuing the strong partnership we have with communities across Ontario.

Sincerely,

Canadian Stimulus Fund Ltd.

Helping to bring economic growth and job creation to communities

Nov 22, 2017

Dear MPPs,

I wish to thank you for taking the time to meet some of the representatives of the Canadian Stimulus Fund Ltd. on November 22, 2017. As we had expected much more from MPPs representing Northern Ontario enlight of the struggles the region faces in comparison to other regions of the province, it was made clear that those expressions of frustrations by the municipalities sadly aren't about to change anytime soon.

It also became apparent at the onset of our meeting that little or no review of the materials previously provided was done nor was there any research on the facts which resulted in limited knowledge of matters before you for us to discuss. Furthermore as was noted by MPP Vanthof and followed by consensus of the others that due to CSF not having a website an opinion was formed of the CSF initiative based on a google search of some of the representatives. Such a search revealed on the surface what appears to be some derogatory information on one of the representatives and if further verification of facts would have taken place the end result of opinions would have been very different.

On the topic of CSF not currently having an active website. It is the decision of CSF that the creation and publishing of a website would only take place once a letter of support was received. It's not proper business in this case to represent CSF as having support from the government without having written support in hand. CSF will not mislead anyone on this matter. As a comparison a publically funded company which operates on similar mandates as CSF (Toronto Global) doesn't have a website, yet managed to get 19.5M of government funding (over 3 years) to operate and seemingly no questions from the MPP about being a legitimate business. CSF is not (nor will it) seeking any government funding, only government acknowledgement and support.

All that being said, what is disturbing to know is that despite interference or derogatory statements being made by Northern Ontario MPPs more than 70% of the responding Northern Ontario municipalities prior to our meeting did support the CSF initiative. Despite Mr. Bisson expressing his willingness to write to the various agencies currently under Liberal directive requesting their views on the matter, it can be noted that provision of support to the CSF initiative will not change. Unfortunately and despite the best efforts of the CSF to help northern Ontario this lack of support leaves townships/municipalities to be further ignored and left to deal with issues of depleting population, lack of funding or investment to deal with deteriorating infrastructure, lack of investment to private sector opportunities and lack of employment opportunities.

Enlight of our meeting, the board of directors of the Canadian Stimulus Fund Ltd. has opted until further notice to redirect investment available to Northern Ontario to other regions seeking positive economic changes and viable employment opportunities.

Yours sincerely,

Canadian Stimulus Fund Ltd.

Helping to bring economic growth and job creation to communities

Nov 24, 2017

Dear Northern Ontario Mayors/ Reeves and Councillors,

As you were all made aware, representatives of the Canadian Stimulus Fund Ltd. attended at Queen's Park on November 22, 2017 and have been asked by several townships to advise of it's outcome. In wanting to keep everyone informed and to remain transparent in our efforts in attempting to bring economic growth and employment opportunities to Northern Ontario, we feel it only appropriate to make everyone aware of the outcome of our meeting with MPP Bisson, Mantha, Vanthof and a representative from MPP Andrea Horwath's office. A letter in reference to the outcome of the November 22, 2017 meeting sent to the MPPs in attendance is attached for your reading and records.

As you all know CSF at it's own expense, has over the last 2 years been attempting to obtain a simple non-committal letter from the Ontario Government . Enlight of what we believe and echoed by all whom we've spoken with in Northern Ontario, the CSF initiative is being prejudiced by the Provincial Government in favour of Southern Ontario. It was stated during conversations with representatives of your municipalities that there is a lack of public funding to deal with crumbling municipal infrastructure such as:

- town halls
- community centers
- nursing homes
- bridges
- water and sewer, etc.

Further to the above list, as stated by one of the Northern Ontario townships a request for funding a simple but yet crucial item such as a \$250,000.00 municipal water filter to allow for safe drinking water was made some time ago and yet to be obtained, all of which could potentially be addressed via the CSF initiative. We also need not forget the businesses in your communities who are seeking investment from CSF in addition to Entrepreneurs or other businesses in your communities facing financing dilemmas who would then benefit from the CSF opportunity in creating economic growth. Those companies currently seeking CSF investment have the ability to create substantial employment opportunities in Northern Ontario. Most importantly, the next time it is mentioned that Southern Ontario is financially favored over Northern Ontario one needs to remember that the same opportunity provided to the GTA via "Toronto Global" was offered to your region via the Canadian Stimulus Fund Ltd. yet so many of you elected to remain silent or not support the CSF initiative.

CSF wish to thank the following Townships, Municipalities and City whom have taken the time to review, research, and see the benefits to the Canadian Stimulus Fund Ltd. initiative by providing letters of support:

- Township of Prince
- Town of Cochrane
- Town of Kirkland Lake
- Township of Larder Lake
- Township of Harley
- Township of Casey
- Township of Kerns
- Township of Matachewan
- Township of McGarry
- Town of Bonfield
- Municipality of Calvin

365 Bay Street, Suite 400, Toronto, ON M5H 2V1

Helping to bring economic growth and job creation to communities

- Town of Mattawa
- Municipality of Mattawan
- Township of Carling
- Town of Kearney
- Township of Strong
- Township of Armstrong/ Village of Thornloe
- Township of Coleman
- Township of Nairn and Hyman
- Town of Smooth Rock Falls
- City of Elliot Lake

In addition, CSF would like to give a special thanks to the Mattawa Bonfield Economic Development Corporation for showing their support and providing a letter which we believe explains the views of most that we have spoken to and with their permission we have attached it for your review.

As CSF awaits results from the Office of the Ombudsman regarding the Provincial Government and MPP's handling of the CSF initiative for Northern Ontario, the Board of CSF has opted until further notice to redirect current investment originally destined for Northern Ontario. CSF's current position is also driven by Northern Ontario's municipalities poor show of support believed to be due to lack of knowledge of the CSF initiative and poor guidance by MPPs. At this time we would suggest that municipalities who have yet to respond or have responded not in favor of the CSF initiative to reconsider their position.

For any municipalities who have further questions regarding the CSF initiatives or current position. We strongly suggest that you communicate with us and we would be happy to discuss your concerns further.

Yours sincerely,
