Jeremy Rody, CLERK

5:30 p.m.

These Minutes have been circulated but are not considered Official until approved by Council.

**Assiginack Museum Committee Meeting - August 14<sup>th</sup>, 2018 – 7:00pm**

**PRESENT:** Hugh Moggy, Alice Pennie, John Pennie, Kelsey Maguire.

**ABSENT:** Lori Case, Heather McKenzie.

**John motions to approve agenda, Hugh seconds.**

**Hugh motions to meeting minutes for June 12 & July 10, John seconds.**

**DISCUSSION:**

**#1. Recap of July 10<sup>th</sup> Meeting:** The 2018 application for the Community Museum Operating Grant had been submitted. The sprinkler system was repaired. Jean McLennan's 100<sup>th</sup> Birthday party was on July 21; The museum and township sent flowers. The Assiginack Historical Society plans to purchase a park bench for the museum and dedicate it to Jean with a plaque.

**#2. Summer Student:** The Museum summer student Ella Stewart has been working out well. On top of usual duties, she has also done some painting, obituary indexing, cataloguing, and some family histories research. She has also been conducting the Children's Recreation activities at the museum, which have gone well. There are still two more Recreation days this year on August 21 & 23.

**#3. Community Market:** Debajehmujig had held the Community Markets in July this year at the Queen's Park, but weren't planning on continuing in August, so the vendors have returned to the museum lawn for the remaining five Fridays in August. So far we've averaged 3 to 5 vendor tables. This Friday, the ACW & UCW will be holding a bake sale fundraiser for Ruta Tribinevicius.

**#4. Bus Trips:** The bus trips scheduled for September 10<sup>th</sup>, 20<sup>th</sup>, and 21<sup>st</sup> have been cancelled. The remaining trips for September 25, October 1, 2, 3 are still on. Kelsey would still like to attend a wedding on the 21<sup>st</sup>, so if possible could we arrange a volunteer for that afternoon.

**#5. Displays:** Delmer has brought down the parts for the "photo door", but the ground beside the Pioneer Home still needs to be levelled before it can be secured. Kelsey will pick up a piece of 8 x 4 plywood to secure to map display to; Kelsey has added roads for Assiginack, could he do Bidwell's also? Kelsey has the list of names and years for the Reeve display, we just need the frames and photos. There aren't official 8x10 photos of just the Reeves at the town office, only of the whole council as a group, so we'll need to track down some photos. The Expositor may have them on file?

**#6. Standards:** The Museum Standards need to be brought up to date for 2018 so they can be approved at the October meeting. Kelsey will go over them to see what needs to be updated or changed. A sub-committee should be made to go over them.

**NEW BUSINESS:**

- Isobel Harry from the Expositor came earlier today to interview and gather information for an Article on the Museum for next week's newspaper.
- Kelsey has a photo slide scanner. He could bring it in to the museum for September and offer to digitize slides for people if they bring them in. Will post to Facebook.
- Alice has continued to post items on the Museum's Facebook page.

**CLOSING:** Hugh motioned to end meeting at 8:00pm, John seconds. Next meeting scheduled for September 11<sup>th</sup>, 2018 at 7:00pm.

Resolution Number -18

RESOLUTION OF THE COUNCIL OF THE CORPORATION OF THE TOWNSHIP OF NORTH FRONTENAC

Moved by:	Seconded by:

BE IT RESOLVED THAT Council receives the Director of Emergency Service/Fire Chief's Administrative Report entitled, "Grandfathering of Volunteer Firefighters to NFPA Standards - Update" for information purposes;

AND THAT Council continue to advocate that the New Provincial Government continue to support rural fire services and provide sufficient funding to cover additional costs associated with the certification initiative;

AND THAT Council defer this to the 2019 budget deliberations, as sufficient funding is required for a training program which will adequately provide the legislated training to meet the requirements of the Establishing and Regulating By-law and our Core Services;

AND THAT the Clerk provide a copy of this Resolution to all Ontario Municipalities requesting support; Association of Municipalities of Ontario (AMO); Minister of Community Safety and Correctional Services and Randy Hillier, MPP.

AND THAT Council instructs the Clerk to include a copy of the Admin Report on the next Joint Fire Committee Agenda; to M

AND THAT a copy of the Administrative Report be provided to Chief Cuddy at this time.

Re: Manitoulin Expositor Salmon Classic 2018: A big 'Thank you!'

Dear Mayor Moffatt, Council and township staff:

It's the day after the distribution of prizes marking the finalé of this year's Salmon Classic event.

With three years of experience now and with an annual growth in numbers of anglers participating, we think the event is growing into its name and is truly becoming a "Classic".

We gave away \$30,000 in cash as usual this year, but the rest of the prizes were excellent and a special thanks to everyone who contributed gear and other prizes so all of the top 25 on the leader board could bring something home.

Thank you very much to all the individuals and organizations that contributed funds. These funds are earmarked for off-Island marketing efforts that have clearly been successful.

The event was created to reinvigorate interest in fishing for deep-water species around Manitoulin and bring back the whole category of downrigger anglers and the millions of dollars they contribute to the local economy during the month-long event.

This year, there were well over 700 tickets sold: at least 720 (we don't have the exact number yet as we haven't picked up the ticket stubs yet from some of the further-away sellers.)

Sunday's windup and awarding of prizes at South Baymouth told the tale: there were several Manitoulin people in the top 25 and many of them did very well but the vast majority of names called were anglers who had travelled to Manitoulin to participate in the Salmon Classic: these are our tourists and the ones present on Sunday are a representative proportion of all the 700-plus participants, most of whom fished multiple days and weeks.

This is by way of an enormous thank you to everyone who sold tickets, provided a weigh-in station, donated prizes, donated funds to help with off-Island marketing, talked the event up and in any way helped to make this event a "Salmon Classic".

Thank you very much,  
Yours sincerely,

  
Dave Patterson

... FOR THE SAKE OF WATER QUALITY AND THE  
FISHERIES RESOURCES ON MANITOULIN ISLAND AND THE  
GREAT LAKES THAT SURROUND IT

*Manitoulin Streams Improvement Association is a grass roots, registered Canadian charitable organization that is focused on large scale, community-based efforts to rehabilitate aquatic ecosystems on Manitoulin Island, in central Ontario. We bring the entire community together to do this via joint, private and public driven initiatives. Our efforts rehabilitate and enhance water quality and the fisheries resource on Manitoulin Island and Lake Huron which is fed by the streams.*

## A/OFRC Electrofishing Assessment at Smith Bay Creek Wiikwemkoong!

In June, A/OFRC came to Wiikwemkoong and conducted an electrofishing assessment on Smith Bay Creek to identify baseline fisheries information on the creek to go along with the Smith Bay Creek Enhancement Strategy that Manitoulin Streams had developed to help with planning stream restoration activities. The results were exciting! A total of 554 fish were captured comprising of 11 different species. The most abundant species included Rainbow Trout (340), Northern Redbelly Dace (89) and the least abundant were longnose dace (1), Brassy Minnow (1), Fathead Minnow (1), Blacknose Shiner (1) and Finescale Dave (1).

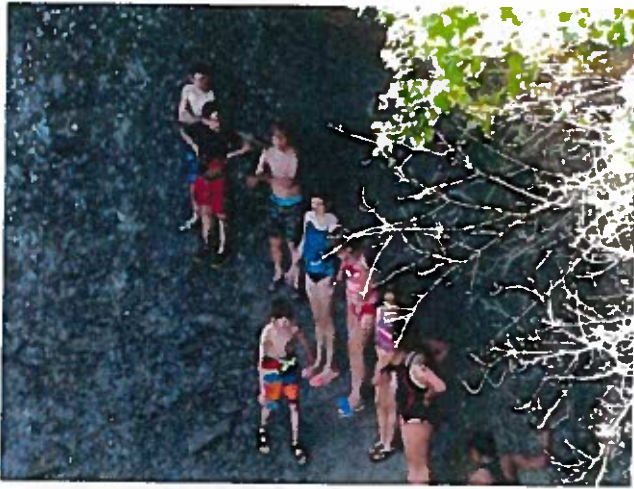

## Kitchener Students Tour Kagawong

On June 19<sup>th</sup>, Neil Debassige brought a group of students from Kitchener, Ontario to stay at his resort. There were about 26 kids that were in awe at our beautiful Island and love the tour and invertebrate study that we lead. Many thrilled faces and of course, swimming at the falls was an amazing experience for all. Thanks Neil for including us on this fabulous day and they gave a donation to Manitoulin Streams.

## Providence Bay Tour with Lakeview School

A beautiful day at the beach with Lakeview School Kindergarten class. Why would we bring 25 little bee bopping kids to the beach? Why not? Lots of fun explaining restoration work, looking for creatures, discovering Pitcher's Thistle, beach dunes talks and much, much more. These little guys could go all day! Thanks Joanne Corbiere for including us on your adventure in Providence Bay and your donation of \$50 towards our efforts!

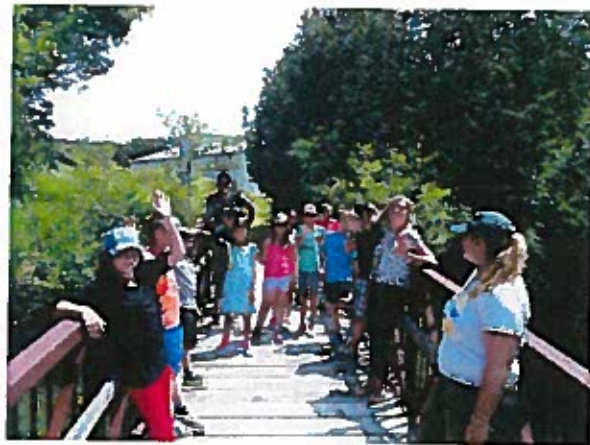

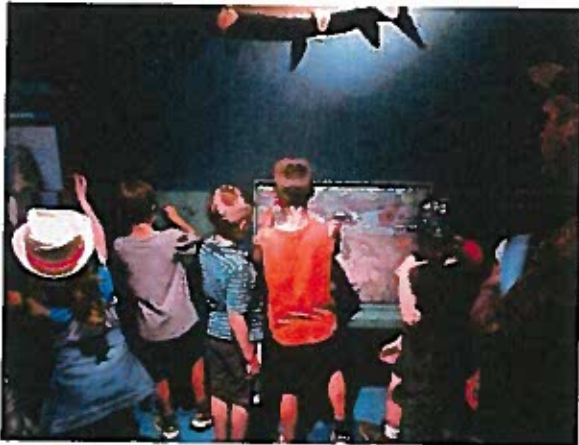

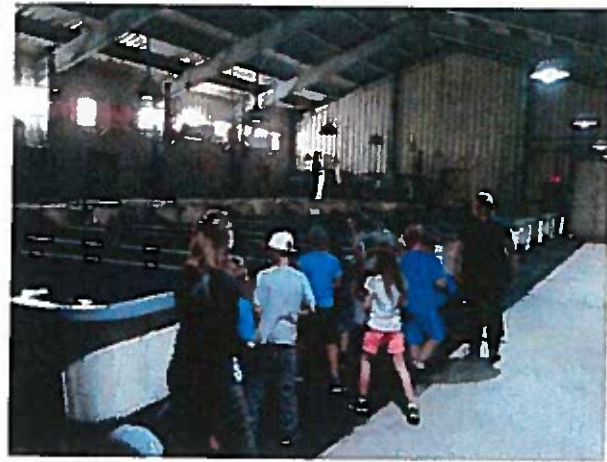

## Blue Jay Creek Hatchery Tour with Gore Bay Public School

If you haven't had a chance to tour the hatchery or trail at the Blue Jay Creek Hatchery, we suggest you give it a try! 40 grade 2/3 students did just that and had a blast. So much to see and learn, these kids were excited to explore the trail with Sue, play a game with Rebecca and tour the inside of the hatchery with Dale and Shannon of the MNRF. Manitoulin Streams completed restoration at this creek many years ago and the work has held up beautifully. Many juvenile fish were spotted and lots of other little creatures. Just a hint, move fast by the grist mill, the fire ants were on patrol!

## Welcome Rebecca and Madison

We'd like to welcome back Rebecca Dawson as our Community Resource Stewardship Liaison, and introduce you to Madison Wagner as our OFAH Invasive Species Liaison. Both girls will be working closely with each other this summer to attend most events and educate the public of stream restoration and invasive species.

## Wild Kids Camp at Norton's Creek

Thank you, Sue Meert, for creating Manitoulin Streams' Wild Kids Program. This program introduces kids to Wilderness First Aid and what to be aware of while exploring nature. We partnered with Manitoulin Training Solutions not only to teach First Aid and safety precautions but to do it in a wilderness setting utilizing the Norton's Creek Outdoor Educational Classroom. Lots of fun was had by the kids as they learnt First Aid and then they were put into First Aid wilderness scenarios and challenges. A big thank you goes out to Manitoulin Training Solutions for all their hard work in helping organize and deliver this valuable life saving program and to the Hutton family for allowing us to use this beautiful property. Our level 3 students also receive an Ontario First Aid certification.

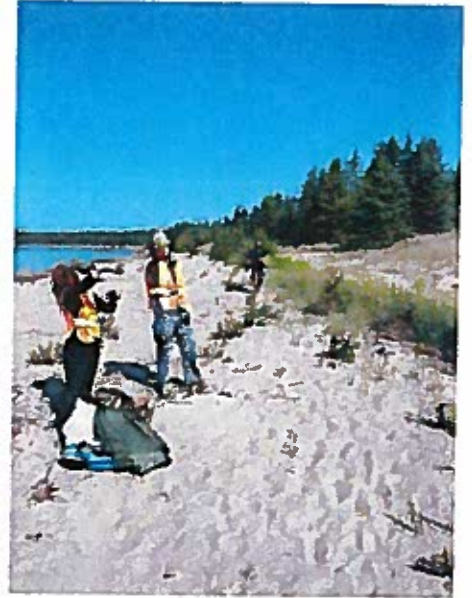

## Providence Bay Beach Action Day

Manitoulin Streams partnered with the Manitoulin Phragmites Project and helped out with their Beach Action Day at Providence Bay to remove unwanted plant species that are impacting the dune system and taking over the Pitcher Thistle habitat. A big thank you to all the volunteers that came out to help remove the sweet white clover with Judith Jones' crew and Manitoulin Streams.

## Kagawong Restoration Begins

In July, we started some restoration work on the Kagawong River. The Sudbury District Stewardship Rangers and volunteers assisted in removing log jams and planting trees along the river. This was the initial work that took place before our large-scale stream restoration takes place in August at the lower end of the Kagawong River to improve fish habitat and fish migration, prevent erosion and sedimentation. Thanks to all that helped!

## Harbour Days

Liam and Madison headed out to Gore Bay Harbour Days Weekend to spread some cheer and invite locals and tourist to visit their booth to educate them on our restoration and invasive species awareness program.

## Kicking Mule Ranch visitors enjoy being Stream Detectives

What makes families interested in our environment and what lives in our streams?? Being able to have interactive sessions that make learning fun for all of course!

## Phragmites Week at White's Point in Little Current

Recently, we assisted Judith Jones with Phragmites removal in Little Current. Volunteers and staff worked efficiently to tackle the reed along the ditch and in the water. Judith has continually educated landowners on the need to keep this invasive reed under control so it doesn't take over the natural habitat of the shorelines. Thanks to Judith and all volunteers that showed for this much needed work.

## Manitoulin Streams Faces Funding Cuts

Manitoulin Streams is facing a trying year with Canada Ontario Agreement (COA) funds being halted by the new government in place as well as the Eco-Action through the Federal Government. Due to the governments not approving these funds, two of the projects (Grimesthorpe Creek and Manitou Project) could not be completed because

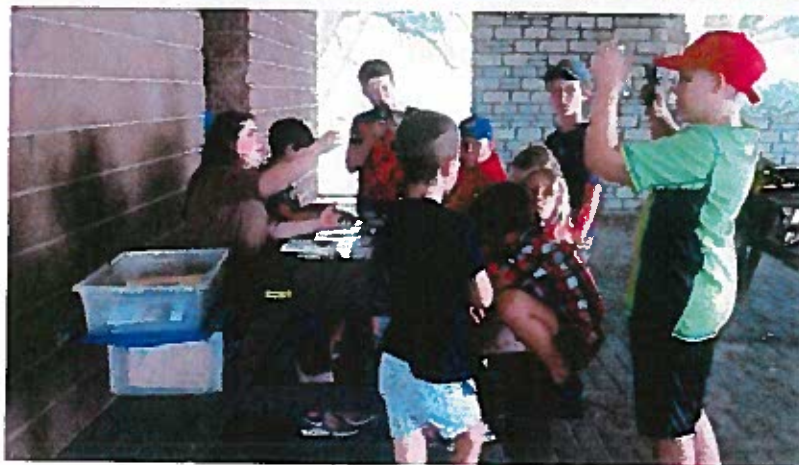

of

a \$180,000 shortfall. What does this mean for Manitoulin Streams? We are now looking for additional funding to help carry out important stream restoration projects. Now more than ever we need the assistance of the community and our Province to help continue to fund our stream restoration activities. Fishing is a large part of tourism on this island and the economic spinoff is important to our local businesses and the ecosystem.

## Youth Fun Day at Low Island Little Current

A beautiful morning at Low Island beach with Rebecca helping Township of NEMI to host a fun day with kids. This summer program provided educational awareness about invasive species, interactive games and provided information about stream ecosystem. There were lots of interesting questions for Rebecca to answer!

## Haweater Weekend

Always a big weekend for our staff, Haweater weekend brings in tree sales, donations and ticket sales. Thanks to all our supporters out there and to the Lions Club and our volunteers that help bring these events together!

## Country Fest Weekend

Steven Wood of Tehkummah won the autographed guitar by all the Country Fest artist!! Congratulations and thank you to everyone that supported our fundraiser for our stream restoration initiative!! Our crew was in full force this weekend at our booth, and enjoying yet another successful event held by Country 103. Thanks to KT and North Channel Music for donating this lovely guitar and including us in on their fundraising efforts.

Steve Wood; Winner of the autographed guitar.

Legendary Carol Baker!

## Providence Bay Fair

This fair seems busier every year! Thanks to the Agricultural Society for inviting us to participate in the Fair again this year. This is definitely helping us reach our target to educate youth and visitors about environmental issues. Friday night was extremely hot, but that didn't stop the crowd from filing into the arena to watch Rebecca Dawson hand over her crown to the new Miss Manitoulin. A great weekend, ending on a busy note on Sunday with lots of tree and hat sales.

## Truxor to the Rescue on Blue Jay Creek & Michael's Bay

It was a lot of hard work during some of the hottest days of the summer resulting in a lot of phragmites being removed from the mouth of Blue Jay Creek and Michael's Bay on the Manitou River. Tackling this invasive reed each year will help protect this aquatic habitat before it's taken over. Thank you to Judith Jones and her crew for tackling this extreme job. Manitoulin Streams was happy to assist!

## Orr's Valu-mart Raises Funds for Manitoulin Streams

Thank you to Orr's Valu-mart for including Manitoulin Streams in your Give a Little, Help a lot Campaign! A BBQ was held and funds were collected groceries were purchased at each check out. A total of \$952 was raised for our stream restoration on the Island!! Thank you, Andrew and staff, for your community support!

## Misery Bay Universal Trail

Manitoulin Streams jumped into action to help Friends of Misery Bay install their Universal Trail System at the Provincial Park due to the unfortunate circumstances of losing Ruta Tribinevicius as their main staff to install the trail. Maria and Liam worked hard through some very hot and humid days wheeling gravel up to 450 metres (assisted greatly by the hordes of flesh biting flies) to complete the trail. We were really glad we could help out our valuable partners on the island!

## Lakeview students work on M'Chigeeng Creek

Miigwetch to all the Lakeview School students that worked hard on improving the stream habitat along M'Chigeeng Creek by adding substrate to the creek bottom, planting native tree species and cleaning up garbage along the creek. You are making a difference in your community. Thank you also to the 4, grade 8 students from Little Current Public School getting their community hours for high school!

## Deer Show

Another great Deer Show in Manitowaning this year. Sue was able to talk to participants about our Deer Save program and enlighten them about our stream restoration program!

## Mindemoya Early Hub Centre

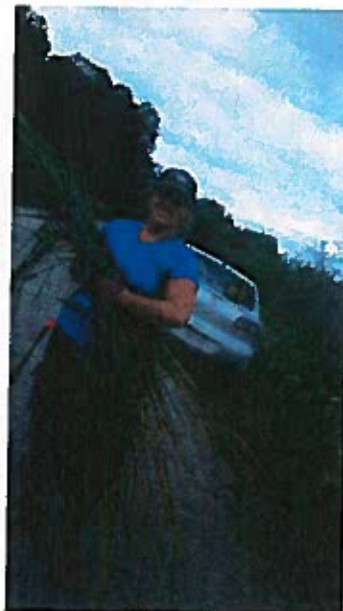

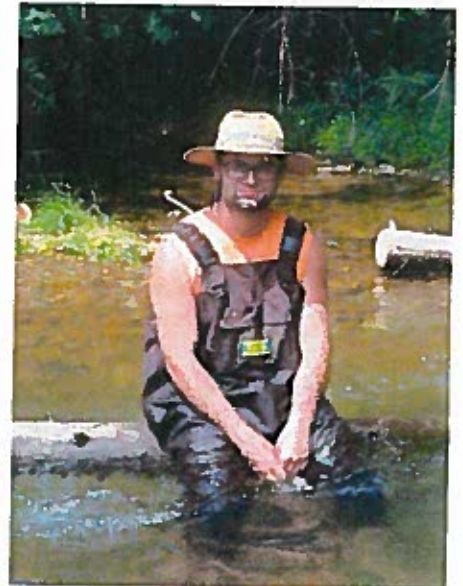

Having fun in the sun! Starting these youngsters at an early age to enjoy nature!

## Staff Pics: A Day in The Life of Manitoulin Streams

Did you ever wonder what happens behind the scenes at our office, or how it is we are at every event, school tour or restoration sites? Our cars are very messy with boxes of flyers, invasive species in jars, tables, half eaten apples from being on the run, early morning driving and late nights heading home. We all usually have a few changes of clothes and smelly socks shoved under our seats from long days in chest waders. We believe in what we do, and we believe in educating and sharing with our communities. Every year we have new friends come on board and help with this mission, these students bring fresh ideas and energy to our team. We become family, and yes, we are tripping over each other but truthfully, we form a lasting bond with the staff that give so much of themselves. We laugh, we cry and we would do it all over again because we love every minute of it. Thanks to all our hard-working staff!
